

VISION

To become a superior study program in developing PPKn which produces professional graduates, technopreneurs, religious, and empowering local wisdom in wetlands with a global perspective

STUDY PROGRAM PANCASILA EDUCATION AND CITIZENSHIP

ORGANIZATION

Students from the Pancasila and Citizenship Education Study Program join the student organization, namely HIMA. Students regularly organize various activities aimed at developing student abilities, both in academic and non-academic fields.

CURRICULUM

The curriculum is prepared based on the Pancasila and Citizenship Education curriculum references. The total study load that must be completed is 144 credits out of the 157 credits that have been provided. In the lecture process, the Case and Project Based Learning methods are applied
